BETHLEHEM COLLEGE
EXCELLENCE through CHRIST

FRIDAY 22 JUNE, 2018

Kia ora Parents & Caregivers,

There have been many sporting events happening around BC Primary over the last few weeks. Our gymnastic team had a successful day out at the Gymnastics Festival. Lulu Miller and Lola Lyons both placed 2nd in their divisions, while the BC Team placed 3rd overall. Congratulations to the whole team for putting on such a wonderful performance.

The BC Breakers basketball team also competed this week, taking on schools from around the BOP at ASB Arena. The team competed well and also took out the award for the 'Best Dressed Team!'

End of Year Cups and Awards

At the end of each school year we celebrate with a final assembly where awards and cups are presented. We are currently reviewing the award system we have in place with the goal of removing some awards and introducing some new ones. Our goal is to have a range of awards in place that celebrate achievement, progress and excellence across the breadth of our curriculum. This means that the current writers and mathematics awards will likely be changed for this year.

Blessings,

Marcus Norrish

ePro8 Success!

Today our ePro8 teams competed in the Semi-Finals of the WBOP Competition. This problem solving event requires teams to work collaboratively to solve a range of technology based problems. After qualifying at our cluster event, two teams from BC Primary went through.

The BC Legends team did extremely well, finishing 3rd equal only to be knocked out of this position through the final playoff round. Congratulations team on representing BC so well!

Sore Throats

At this time of year when students are effected by colds and sore throats it is timely to remind families about the more serious health risks of strep throat which can occur.
