BETHLEHEM COLLEGE
EXCELLENCE through CHRIST

FRIDAY 11 MAY, 2018

Kia ora Parents & Caregivers,

The beginning of Term 2 has been an action-packed time of learning for students across the primary school. Our Term 2 learning focus is centred on God's creation and how it has been designed to provide for us. This Science focus aligns with the Living World strand of the curriculum and sees children putting the lens on different aspects of the physical world we live in, unpacking how we can use the resources that it provides.

Our Year 2 learners have kicked off their learning with a trip to Comvita. This interactive experience was a fun way to engage with all things bees. This amazing day hooked in the children and got them asking lots of questions - fantastic!

The Year 3 and 4 team sparked their learning with an exciting day in school exploring 'Why Wai?' Wai is the Maori word for water. The team engaged in activities with ice and steam - wrapping up the time by roasting marshmallows over the fire pit!

Our Year 5 and 6 team ignited their leaning with a visit to the forest. Here they engaged in a council programme that looks into the life found in the forest environment. It is wonderful to have children starting off the term by engaging in these authentic learning experiences. We look forward to seeing where their leaning and inquiries will take them over the next few weeks.

Nga mihi,

Marcus Norrish

**WALK TO SCHOOL EVERY WEEK
IA WIKI HIKOI KI TE KURA**

Congratulations to the BC Feet First Travel Smart Team who are the lucky winners of Feet First prize draw for Term 1 and have won a \$500 Sports equipment voucher.

The 'Feet First' programme encourages students to walk, bike, scooter, skate and bus to and from school. Data on the number of students using active transport to school is collected weekly.

The Feet First programme helps promote:

- Healthier, more active children
- Children who are more connected with their community/neighbourhood
- Reduced chaos and traffic congestion around school gates
- An awareness of environmentally friendly forms of transport to and from school
