## Notes

- We highly recommend that a Bluetooth keyboard case is purchased with the device as it helps to protect the device and will be much more comfortable to type on for extended periods. These can vary in price dependent on the iPad model but usually sit in the $80-$150 range.

**If the above recommended devices are not suitable or you wish to pick your own we do recommend to get a device meeting these minimum specifications in order to insure ease of use and longevity.**

- iPad 2019/ iPad 6th Gen (IOS 15 supported devices) or newer
- 32GB or higher as storage needs are always growing with higher quality photos and videos.
- We do NOT recommend iPad Minis as the smaller screen can cause difficulty when creating and using documents.
