LIVING EXCELLENCE THROUGH CHRIST

Bethlehem College is a community of learners that values both academic rigour, which challenges and engages students, as well as opportunities to shape student character and values after the likeness of Christ. Excellence through Christ begins with the gospel of God's excellent work in this world, is seen in the grace and redemption of human failure, and most of all in love which mediates how we help students to learn. To reach these goals requires clarity about where we are going and how we are getting there. That is why the community needs to be united around strategies, planning, and evaluating how well we are doing towards our purpose.

The notion of nurturing young people holistically to develop hearts that are turned towards God is a worthwhile pursuit. With that aim in mind, the acquiring and imparting of knowledge, followed by deeper understanding, and finally wisdom, to apply and use that learning, define a Christian learning experience. Equipping students in this way is a combination of the continuous

encouragement of all the community, prayerfulness, modelling, and the activity of the Holy Spirit in the day-to-day teaching and learning, in and out of the classroom.

Teachers have a deep hope for every student in their learning journey, and students have deep spiritual longings which find purpose through the gospel vision for life. Our hope and confidence in Christ can be summed up in these words:

'We continually ask God to fill you with the knowledge of his will through all the wisdom and understanding that the Spirit gives, so that you may live a life worthy of the Lord and please him in every way: bearing fruit in every good work, growing in the knowledge of God' (Colossians 1:9-10).
