Windows Notes

- Devices within the $300-$700 range are not recommended due to the fact that they include much lower performance parts, much less memory and more varied build quality which may greatly reduce their usability and durability over time.

If the above recommended devices are not suitable or you wish to pick your own we do recommend to get a device meeting these minimum specifications in order to insure ease of use and longevity.

- CPU Intel Core i3-12100F - i3-13100 / AMD Ryzen 3 or higher. RAM 8GB or higher. Storage SSD 128GB or higher. Screen 12” or higher.
- It is highly recommended that a hard cover case (not neoprene) is purchased to keep the device protected.
